Expectations / Scheduling

After the first visit, Green Shield Pest Solutions will return every 60 days to treat for pests, beginning the process of breaking their life cycle. Initially you may see a slight increase in pest activity as populations are disrupted. Within a few weeks you should see activity decline as products take effect. Regular service visits are marked with an "S" below.

Green Shield will contact you minimally two days before each visit via text and email. If interior treatment is necessary, you are responsible for coordinating access. If a return visit is needed because tenants are not home or prepared, a \$99 charge may apply.

Cancellation and Payment Authorization

You, the customer, may cancel this transaction anytime prior to midnight of the third business day after the date of this transaction with written notice.

If the initial service has been performed and the contract is canceled before completion, customer agrees to reimburse any discounts given on initial service.

I authorize Green Shield Pest Solutions to maintain and use the payment information provided to periodically make payments for goods and services received from the Company. Payment Method may also be used for recurring payments in the amount listed above. Payments received over 45 days past due may be subject to a 4% late fee. Company requires notice at least five (5) days prior to the date of a scheduled payment in order to cancel this authorization.

This agreement is for an initial period of 12 month(s).

Please type initials to approve this statement. I have read and agree to the terms of this agreement. I confirm my email address is correct and agree to receive this agreement and future account notices electronically. I understand that payment amounts are shown in the calendar above under the month they are due, and that "S" indicates the month(s) service will be provided.

Expectations / Scheduling

After the first visit, Green Shield Pest Solutions will return every 30 days to treat for pests, beginning the process of breaking their life cycle. Initially you may see a slight increase in pest activity as populations are disrupted. Within a few weeks you should see activity decline as products take effect. Regular service visits are marked with an "S" below.

Green Shield will contact you minimally two days before each visit via text and email, letting you know which day we will be treating the exterior. If interior treatment is needed, you are responsible for coordinating an arrival time and ensuring prep work is complete. A \$99 makeup charge may apply if another day is needed due to lack of access or prep.

Year Round Pest Barriers

Initially you may see an increase in pest activity as populations are disrupted. Within a month, you should see activity decline as products take effect. Over time, pest levels should continually decrease as regular services are performed. Regular service visits are marked with an "S" below.

After the first visit, Green Shield Pest Solutions will return every 90 days for one year to treat bugs that have hatched. We will contact you a few days before each visit via text and email, letting you know what day we will treat the exterior of your home.

Monthly Pest Barriers

You can expect an 85% decrease in tick and mosquito activity. If activity exceeds this, you may call for a free reservice between April and September, or from your starting month through the last planned visit of the season.

Season-long protection typically involves six 30-day interval tick and mosquito barrier treatments. This includes a third-day follow-up and four additional treatments from April through September, unless otherwise indicated below.
